Three Torrance People Injured

Three Torrance persons were slightly injured in accidents last Thursday in Manhattan Beach and Redondo Beach.

Robert Heller, 38, and Daniel Kelling, 16, both of Torrance, received minor injuries when the cars they were driving collided at Pacific ave. and Eighth st., Manhattan Beach. The car driven by Kelling allegedly struck Heller's auto, turning it over and knocking it 45 feet from the point of impact.

Denna Frankovich, 23, also of Torrance, suffered minor injuries when the car in which she was a passenger collided with a truck driven by Donald E. Anderson, 23, of Glendale, at the

intersection of Pearl st. and Elena ave., Redondo Beach. The car driven by William F. Frankovich, 26, of Torrance, was reported by witnesses to have failed to heed a boulevard stop sign and smashed into Anderson's truck.

Frankovich was cited for failure to abide by a boulevard stop.

TO VISIT DAUGHTER

Mr. and Mrs. J. R. Klink Sr. left Monday for an extended vacation. Following a stop in Oklahoma City they will visit in Chicago at the home of their son-in-law and daughter, Mr. and Mrs. Don C. Mitchell.

*Steel mills have
been leaders in the
safety movement
for 40 years*

THE FAMOUS slogan "Safety First" was born in a steel company nearly 40 years ago. That's when Steel started the first organized safety campaign in the world.

But safety is more than a slogan in the steel industry—nine out of ten accidents that used to happen in steel mills don't happen any more.

Working as a team, management and employees together have made steel jobs so safe that after reviewing the recent figures, The National Safety Council says: "Workers in steel plants run less risk of accidents per hour on the job than they do per hour in their automobiles."
